A)Read the following passage, then answer the questions below:

You can find crowded fast food restaurants everywhere in Kuwait despite the danger of consuming fast food meals. Whenever you go, you notice the huge number of customers waiting for their turn to get their meals. They have to **queue** for minutes to get a beef burger in a paper bag. Sometimes, people do not respect the queue which causes a problem among customers. Others prefer to drive their cars up to the window to give their order to avoid queuing . A few minutes later, a worker gives you your food and you can drive away and eat it in your car.

People prefer fast food without caring about its bad consequences. They claim that they are very busy and have no time. Fast food is also inexpensive. Although most people know that fast food is unhealthy, they can't stop ordering fast food meals. They may have only thirty minutes for lunch.
