Many animals have gone extinct because of so many reasons. Men actions are well-known to be the major causes of animal extinction. Men hunt animals for their meat, skin and sometimes to sell their teeth or bones. Another thing man has been doing to cause animal extinction is the destruction of the animals' natural habitat. People have been cutting trees to create lands for farming and building. Moreover, the use of pesticides contributes to killing animals. When animals feed on the plants which pesticides were used on, they either get ill or die. Pollution plays a vital role in animal extinction as well. Although biologists have been unable to isolate a single cause for the recent rapid decline in numbers and extinctions of many species, it spears that much of it is due to pollution.

What are the reasons for animal extinction?

Focus On

The Diwaniya

Diwanias are informal social gatherings, usually of Kuwaiti men, at which people meet to discuss issues ranging from business to football, and from politics to literature. Diwaniya literally means a place of assembly. Etymologically, the name originates from the Arabic word diwan, which means the office in which the Amir meets and talks with his subjects.

Nowadays, however, Diwanias serve many different purposes, as family, public and even political meeting places. The structure housing the Diwaniya itself has also been transformed in recent years. Traditionally, the diwaniya would be held in a large tent, with cushions upon which to sit, whereas it is now common to find permanent structures built specifically for Diwaniya.

Family Diwanias play a vital role in reinforcing strong ties between the extended families. In the eighteenth century, major families set up an extension to their main house where they met with guests and discussed important issues, weddings and funeral ceremonies for the male side of the family would also be held there.

Politicians have even employed the Diwaniya in political campaign, as a way to meet and court potential voters. The tradition of using Diwaniya for political functions dates back to the First Amir of Kuwait, HH Sabah the First, who used to visit many diwanias so as to learn of public grievances. This tradition is continued to this day by the current Amir and other dignitaries.
