----------	----------	----------	----------

A grid of 40 circles arranged in 8 rows and 5 columns. Each circle contains a different number of dots (1, 2, 3, or 4) or a ten-frame with a certain number of dots. The circles are intended for a coloring activity where the child colors the circles based on the number of dots they contain, according to the legend above. A cartoon girl with glasses and a flower in her hair is standing on the left side of the grid.
