البعثات - Writing (Unit 1) / Expeditions

Scientists are interested in expeditions. They need to prepare many things before expeditions. First, they should buy enough food and water. Second, they need to gather a good team. Third, they also need to prepare suitable clothes. Finally, they need cars, phones, tents, first-aid kit and a map.

Scientists may face some challenges during expeditions. They could face bad weather in the desert like storms. They may suffer from lack of water and food. They could face dangerous animals such as snakes, rats or scorpions. They also may have bad accidents. Expeditions are amazing adventures but they could be dangerous.

الروائيين - Writing (Unit 2) / Authors

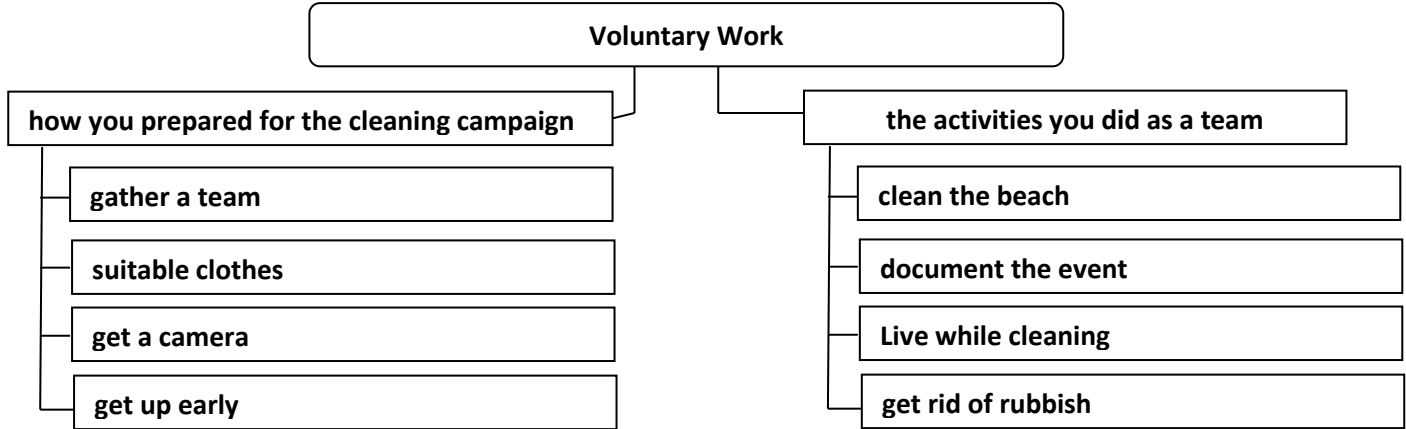

Authors are part of our society. Good authors have a lot of characteristics. They are organised people and write down everything. They are patient to write a story in a long time. They also have good imagination to create new characters. They are good readers and have a lot of words.

Authors have an important role in our society. First, they teach people, children and kids morals. Second, they tell us old and new stories. Third, they document the events. Fourth, they raise people's awareness to be active members in the society. They deserve our respect and support all the time.

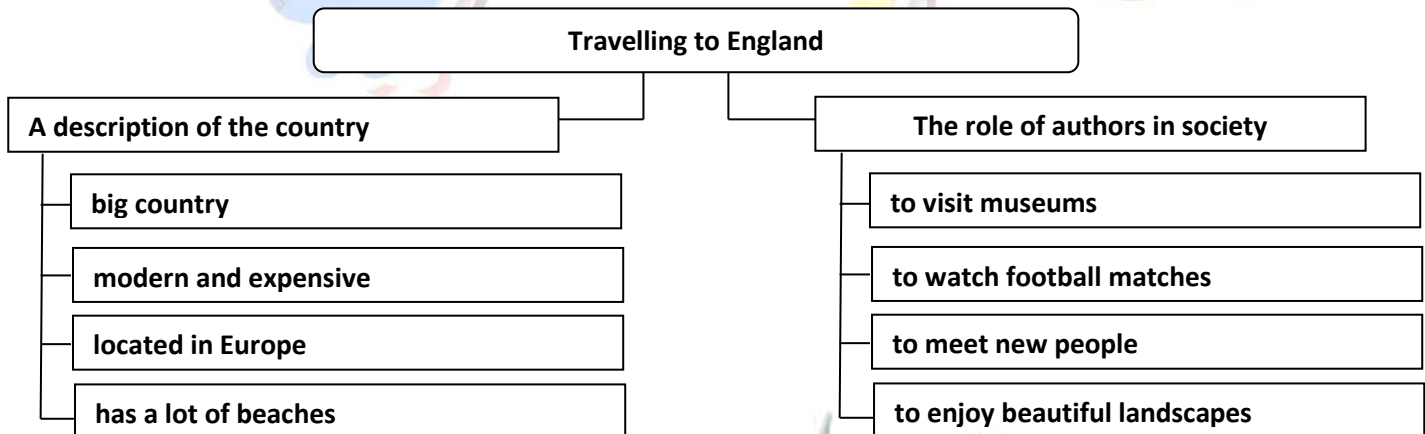

العمل التطوعي - Writing (Unit 3) / Voluntary Work

Voluntary work is really important in our society. There are many preparations for the cleaning campaign. First, we should gather a good team. Second, we have to bring suitable clothes for cleaning the beach. Third, we need to get a camera, plastic bags and some gloves. Finally, we need to make sure that we have enough food and water for the team.

As a team, we do a lot of activities together. At the beginning, we clean the beach in groups. Next, we use the camera to document the event. Then, we might go live while cleaning to share the moment with others. After that, we pick up the rubbish in plastic bags to get rid of them. At the end, doing voluntary work benefits our community to be better.

السفر - Writing (Unit 4) / Travelling

Recently, I have visited an amazing country. I travelled to England which was fantastic. It is a modern country where you can find the latest things there. It is also expensive and you need a lot of money to go shopping. It is located in the west of Europe. It has wonderful beaches.

There are many reasons to choose England. First, the museums are full of historical objects. Second, you can enjoy watching live football matches. Third, meeting new people is like a new adventure. Fourth, the beautiful landscapes are incredible in England. Finally, you can enjoy attending live concert or playing games in the entertainment places.

## Writing (Unit 4) / My last trip – رحلتي الأخيرة

### My last trip to a foreign country

#### The place you visited

visited museums

beautiful gardens

went to the forests

Visited lakes and waterfalls

#### the activities you did as a team

ate new food

swam in the sea

Tried new ride games

bought new clothes

Last summer, I travelled to USA. I visited many interesting places. First, I visited museums. Second, I went to many wonderful gardens full of plants and birds. Third, I went to the forest with a group of people. Finally, I went to amazing lakes and waterfalls.

I enjoyed doing many activities in USA. I ate new food with unusual flavors. I also swam in the sea. I tried new rides and games in the entertainment city. I bought new clothes and went to historical places. Finally, I enjoyed going to the camp in the forest.

## Writing (Unit 5) / Pollution – التلوث

### Pollution

#### The causes and effects of pollution

factories, cars and planes

wastes in the land or the sea

Air, noise, land and water pollution

suffocate the earth

#### Suggest some ways to solve the problem

use smoke filters

don't throw wastes in the sea

use soundproof doors

Raise people's awareness

Pollution is an enemy of our planet. There are many causes and effects of pollution. First, factories, cars and planes emit smoke and toxic gases causing air pollution. Second, crowded streets and cities cause noise pollution. Third, ships and boats throw wastes in the sea causing water pollution. Finally, all these types of pollution cause global warming and environmental problems.

We should think of how to save our planet. At first, factories, cars and planes should use smoke filters. In addition, ships and boats shouldn't throw wastes in the sea. Otherwise, they must pay fines. Moreover, we should raise people's awareness to keep the environment clean. Finally, it is better to use less cars and use bikes instead to help our planet to be safe.
