Reading comprehension

Birds are interesting animals. We can see them everywhere. They live in jungles, deserts or by the sea. All birds have two legs. They are different in shape, colour and size. Birds eat different kinds of food. Some of them eat fruit, nuts and vegetables. Some others eat fish or meat. All birds have wings but not all of them can fly. Flying birds always fly together. They travel to warm and hotter places in winter. Some birds are good at swimming like ducks. Many others can sing beautifully. Birds are clever and smart. They build their homes in trees. They keep their eggs there safely. Mother birds look after their babies and give them food

Reading comprehension

Read the following Passage and answer the questions:-

Horses are beautiful animals that can **assist** people. Horses have different names. They have long legs and they also have bigger eyes than any other animal that lives on land. They are on the side of their head. Horses can live up to 25 years. They need about three hours to sleep each day. Horses eat grass, apples and carrots. They have 16 muscles in each ear. Some animals have more than one stomach, but a horse has only one stomach. **It** is really small. Horses can run very quickly, and they need to do a lot of exercises to stay healthy and run in races. They can't talk, but they have their own body language to show you how they feel.
