## II - Reading Comprehension: -

Read the following passage, then answer the questions below: - (234words)

Every year many people are involved in road accidents. Some people are killed and many are injured or hurt. So, it's important to learn to use the roads **properly** and safely. No sane person would like to be involved in accidents as the roads are very busy nowadays. We should be very careful when crossing one or use overhead bridge whenever one is available. Never cross a road by dashing across it. Some of us take the bus to school. It's important that we don't try to get on or off a bus while it is still moving. I tried to get on a moving bus once. **It** dragged me a short distance and nearly ran over me. I was lucky to escape with only some scratches on my legs. A suddenly lurch can send us knocking our heads against something hard.

Using a bicycle can be dangerous too. We must pay attention on the road and never cycle too far out of the middle of the road. We must make sure that our bicycles are in good condition with brakes, lights...etc.

However, there is no guarantee that we will never be involved in accidents. The important thing is to stay alert at all times while using roads. We shouldn't use the mobile phones while driving. We should use the seat belt. If we use the roads carelessly, we may never use them again.

**Read the passage to answer the question below:**

Jana doesn't have many friends, but she has lots of books. Books are sometimes better than friends. Books don't get angry at you or argue with you. Books don't feel sad when you don't come to see them for a while.

Jana likes fantasy books. They have lots of adventures. There are mysteries to solve and battles to win. It is great to read about **fantasy**. Sometimes she likes history books, too. It is interesting to see how people used to live. It is strange to imagine how things used to be before all the inventions we have today. That is exciting! Jana also likes books about animals. There are so many different animals in the world. They come in every shape, size, and color.

The best thing about books though, is that you can share them. Jana doesn't have many friends, but the ones she does have like books too. They talk about them and share their ideas and thoughts when they meet in the library every Saturday. Books are great, but they are better with friends to talk to about them!

He gets up at five o'clock and lifts weights for thirty minutes. For breakfast, he eats spinach and raw egg with garlic and chili pepper. It is not tasty, but he thinks it is good for him. Then he runs for an hour in the park, even if the weather is bad.

He goes to work on foot and never uses any means of transport, because he has an opinion that it is extremely dangerous. He also wears a mask over his nose and mouth; in addition, he wears a uniform designed by himself to protect him from dust and dirt.

At the office he washes his hands ten times a day. Moreover, he has gloves for picking up the telephone in case it's dirty. He takes lunch to work with him of course. He eats fifteen sunflower seeds and an onion. Actually, he doubts any food that is served in his workplace.

After work he rushes home to water the plants. He has hundreds of plants, because they provide oxygen.
