## SUMMARY MAKING

**Read the following passage, then do as required:**

Festivals are gatherings and activities to express joy at a remembered event. As societies change, the characteristics of their traditional festivals and celebrations may also change; new ones often appear as others diminish. Most likely, however, some festivals will remain unaltered for generations. First, for participants they are a source of joy. For observers they offer an unforgettable experience. Secondly, festivals in old societies provided a chance for the elders to pass on folk knowledge to younger generations. Moreover, modern festivals, centring on the customs of a nation, enrich the understanding of one's heritage. Finally, contemporary festivals aid the local economy by attracting visitors. Certainly, celebrations are part of the lifestyle of all people and contribute to modern civilization.

**In a paragraph of FOUR sentences ONLY, summarise and paraphrase the passage above in answer to the following question:**

# GRADE 12- UNIT EIGHT SUMMARY MAKING

**Read the following passage carefully, then do as required:**

Winter is cold in some places. Animals get through this time in many ways. First, birds and butterflies fly away. They go to a place with nice weather and come home in the spring. Migrating is a good way to avoid the cold. Another good way to avoid the cold is to sleep through it. Many animals hide during the winter. They do not eat. They live off their fat. We call this hibernation. In addition, some animals store food in their homes. They live on what they saved in the summer and fall. Finally, to survive, other animals grow thicker coats in the winter or change colours. Winter may be pretty. It is nice to see snow on trees, but it is dangerous, too.

**In a paragraph of FOUR sentences ONLY, summarise and paraphrase the passage above in answer to the following question.**

How do some animals survive cold winter?

The frightening outbreak of Coronavirus has become the most important topic that occupies the entire world. The virus that causes COVID-19 is spreading very easily among people. Thus, the more closely a person interacts with others, the higher the risk of COVID-19 spread will be. The World Health Organization, WHO, has developed measures for protecting workers from exposure to SARS-CoV-2, the virus that causes COVID-19, which depend on the type of work being performed, exposure risk, and the interaction with the infected people. For all people not only workers, first of all, it is good to frequently wash hands with soap and water for at least 20 seconds. Also, when soap and running water are unavailable, an alcohol-based hand rub with at least 60% alcohol can be used. Besides, it is a must to avoid touching eyes, nose, or mouth with unwashed hands. Finally, it is important to avoid close contact with people who are sick and stay home if one feels sick.

Wearing seat belts does not make you invincible. You can still get hurt or killed while wearing your seat belt. But wearing them has proven first to be safer than driving without them. Second, you are much less likely to be killed in a car wreck if you are wearing a seat belt. Third, you are much less likely to get seriously injured if you are wearing one. Finally, you can save your life and the life of others who join you on a journey. So why not take the safer way? Why not go the way that has been proven to result in fewer deaths? You do want to live, don't you?

## SUMMARY MAKING

**Read the following passage, then do as required:**

Writing is one of the most important inventions of humanity. It allows us to record our history, ideas, and discoveries. As writing developed, so did writing tools. First, the early cavemen used brushes made from animal hair to paint pictures on cave walls. The pictures usually told stories about their hunts. After several centuries, the Egyptians invented a simple kind of pen made of reed, which is a tall plant like grass. Later, the Chinese used metal tools to carve their characters into turtle shells and cattle bones. After many decades, people developed different writing tools such as fountain pens and ballpoint pens with tiny ink tanks in them. Only time will tell what writing tools our children and grandchildren will be using in the future.

**In a paragraph of FOUR sentences ONLY, summarise and paraphrase the passage above in answer to the following question:**

**How have the writing tools developed throughout history?**

Luckily, your body has its ways to fight off cold and get you back to health.
