It was the end of the final school term. The boys in grade 6 planned to hold a class party. First of all, they got a permission from the school principal. Then each boy **contributed** 2 KD. Ten boys volunteered to be in charge of food and drinks. These boys prepared iced drinks, bought biscuits, cakes and sweets. Some of the mothers helped by frying meat and hamburger to make some sandwiches. Others prepared some cookies and pizzas. Every boy brought his own plate, glass, fork and spoon. At 4.00 p.m. on that day, all the boys met and re-arranged the furniture in the classroom. They reserved one section for food and drinks. Some boys organized games such as 'Treasure Hunt' and 'Musical Chairs' which everyone enjoyed.

After the games, they turned to the delicious food and drinks. Their teacher, who had been specially invited, gave away prizes to the winners of the games. Lastly, at 9.00p.m. **they** took photos and went home happily after cleaning up the classroom. They felt the class party was a good way to end the year.

New toys are always nice-looking. As I was shopping, I saw a bright scooter. I couldn't keep my eyes off it. The way it shined in the light kept drawing my eye back to it. My dad noticed that and said, "Sophia, you have a scooter already, a really nice one!"

We left the shop, with me taking one last **glance** back at the new scooter. I knew my scooter was nice, and it still worked even though I got it for my birthday 3 years ago.

A week later, Dad and I went back to the shop. I kept my eyes open. The scooter was still there but with a big sale sign on it! Dad looked at the price and said, "I know you have been thinking about this scooter a lot, and you haven't asked for much lately. You have been helpful, too. The sale price of the scooter is pretty good, but I can't just buy **this** for you. What if I pay for part of it, then I lend the rest of the money?". "No, Dad! Thank you so much, I don't need it anymore." Said Sophia.

Winter is cold in some places. Many plants do not grow during winter. Some plants die. Snow and ice may cover the ground. It can be hard for animals to find food during winter. Animals get through this time in many ways. **They** manage to live in the coldest weather.

Birds and butterflies can fly. Many of them do not **stick around** for the winter. They leave. They go to a place with nice weather. Then they come home in the spring. We call this migration. Migrating is a good way to avoid the cold.

Another good way to avoid the cold is to sleep through it. Many animals hide during the winter. Their bodies slow down. They save their energy. They do not eat. They live off of their fat. They do this until food returns. Animals like snakes, lizards and bears stay inactive as they spend all winter sleeping or resting.

Some animals store food in their homes. They do not sleep all winter, but they do much less. They live on what they saved in the summer and fall. This is what camels and bees do. Ants do this too.
