## Reading Comprehension

### Read the following passage then answer the questions below:

Did you know the largest fish in the world is the shark? It is a large sea animal with so small teeth it cannot use them to eat. This fish is the whale shark. Adult whale shark averages 25 feet in length. Some reach 40 feet or more. That's as big as a full-sized school bus and twice as big as a great white shark!

How can a shark grow so large if it doesn't use its teeth to eat? **It** filters food from the water through a kind of filter in its mouth. This creature has a special way to get its food. As the whale shark swims through the ocean, it sucks water, **tiny** plants, and microscopic animals into its five-foot wide mouth. The shark's huge mouth also catches and swallows other small animals, including fish, shrimp, and squid. The whale shark can absorb dissolved oxygen from the water. This oxygen passes into its blood. The whale shark has spots on its body. Scientists said that each whale shark has its own spot pattern which is different from one another.

## Reading Comprehension

**Read the following passage then answer the questions below:**

Special occasions have their memories and impacts on children's minds. It was Saturday when Mariam was getting ready for her birthday party. She invited many friends. In just three hours, all of her friends would arrive with presents and excitement. Every year, Mariam and her mother make a chocolate cake fresh on that day. "Mariam, I think you're old enough to make the cake yourself this year, I'm sure you can do it. **Remember** what we say?", Mother said. "Yes, baking is just a little sugar and a little spice.", said Mariam. Then she went to the kitchen to start making the cake while her mother was going to blow up the balloons.

Mariam finished making the cake. Then she called her mother. "It's ready to put the cake into the oven". The mother put it into the oven. When the cake came out, something seemed wrong. The cake was almost as hard as a rock! Mariam did exactly what she was supposed to do. But the mother found out that her daughter forgot to add the eggs to the cake!

**B – Reading Comprehension ( 14 Marks )**

**Read the following and answer the questions:**

"The world is a book and those who do not travel read only one page," Said St. Augustine. Travelling is something which people do every day. It is very difficult to keep away from the need to travel. It may be a trip to school, university or to work. Travelling can often take a long time, especially when great distances need to be covered. People often enjoy travelling abroad for holidays. But for some people travelling is not fun because they suffer from travel sickness. They will become unwell each time they travel.

Travelling can be either cheap or costly. It often depends on how far you want to travel and the choice of transport. Using a bicycle will not cost anything as you power it by using your legs. However, the use of a bicycle can be hard work and can take a lot of time to travel long distances. Cars and motorcycles are faster modes of transport, but are expensive to use as gasoline is needed for them to work.
